

Instructions

How is it going ? Do you have problems with practical tasks ? Any concerns with learning materials ?

pretty good

everything is fine

fine

all good

no

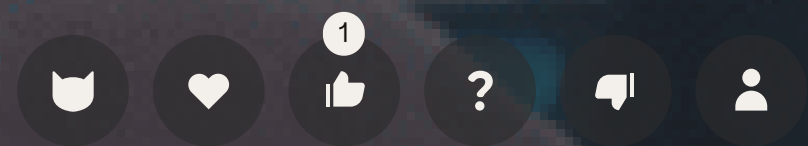

chillin' andd working

wunderbar

Today's agenda

- Total Recall
- Servlet
- Quiz
- Questions

Total Recall

What do you remember from the previous workshop ?

status code 200

400

HTTP requests

http - high total timing
processing

HTTP Methods

https, get, post, put,
delete, options, headers

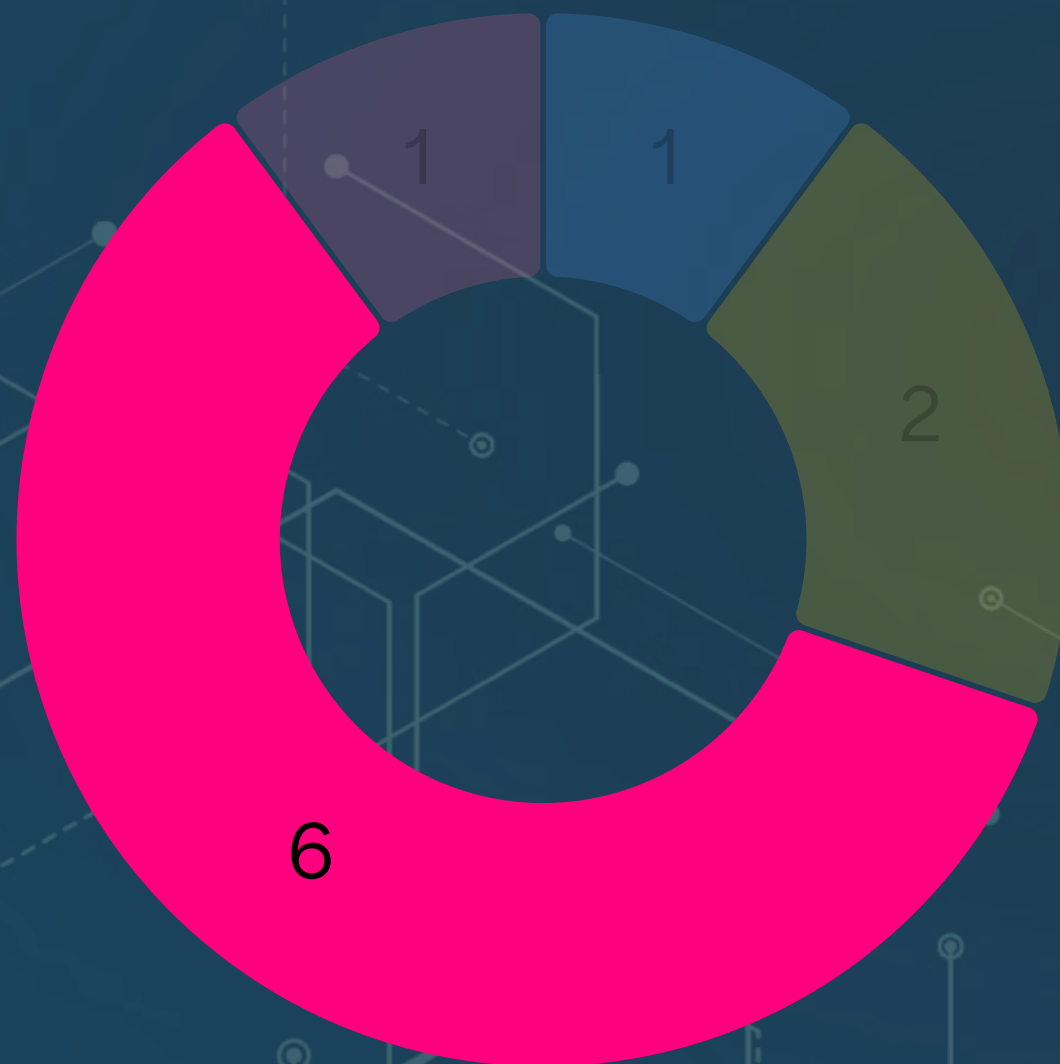

http requests

http task manager

What do you remember from the previous workshop ?

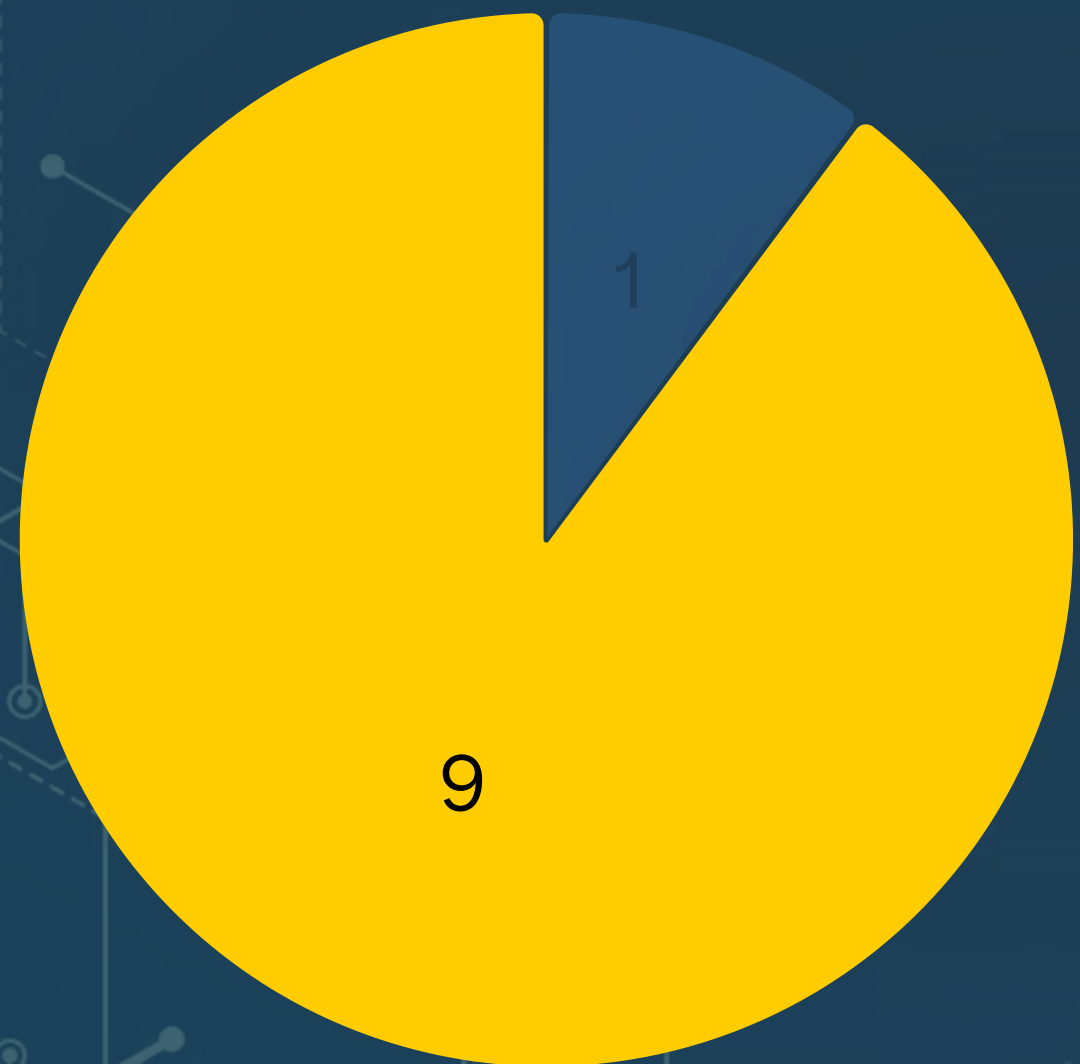

HTTP methods

What are the three main components of an HTTP response?

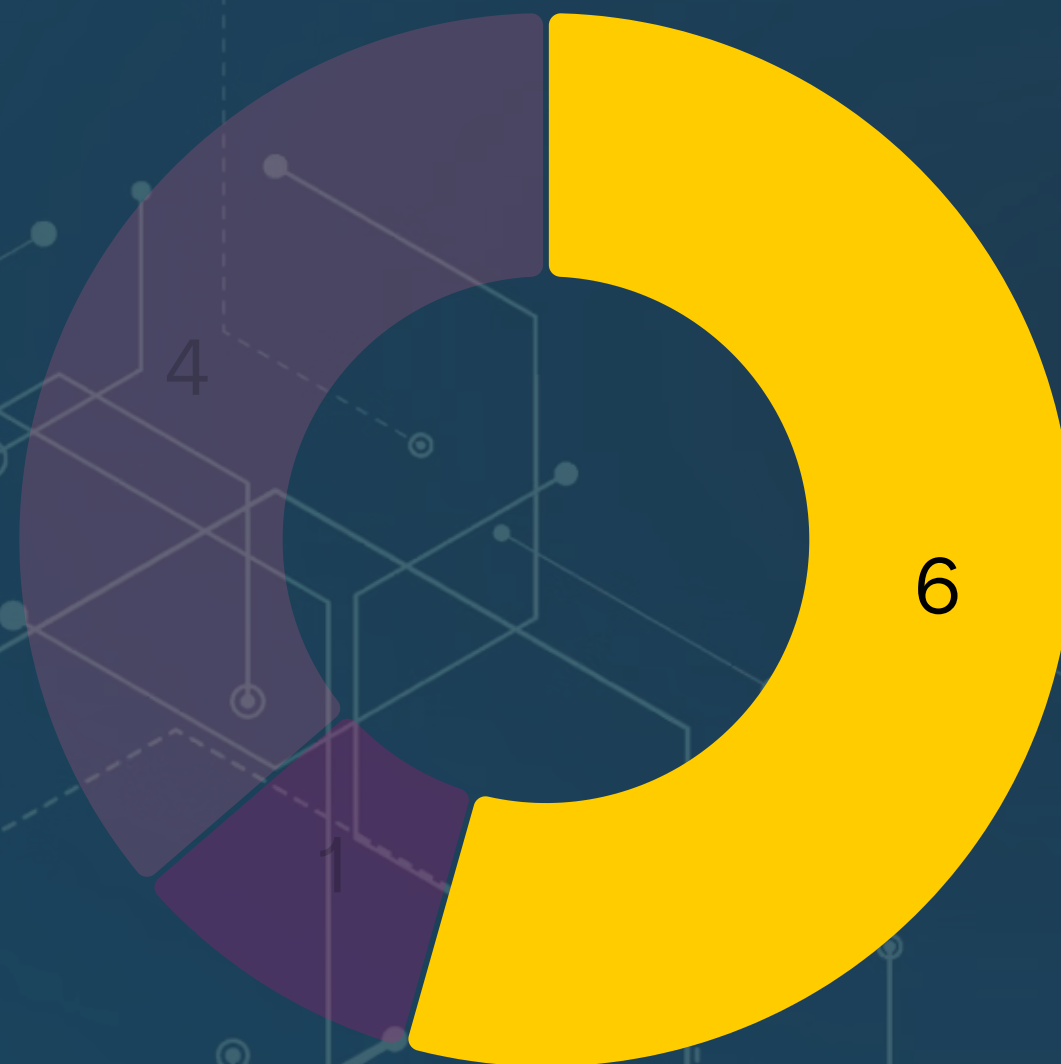

- | | | |
|---|-----------------------------------|---|
| 1 | A) Status code, body, status line | ✗ |
| 2 | B) body, method, status code | ✗ |
| 6 | C) Status line, headers, body | ✓ |
| 1 | D) headers, status code, line | ✗ |

Which HTTP method is idempotent, meaning it can be called multiple times without different outcomes?

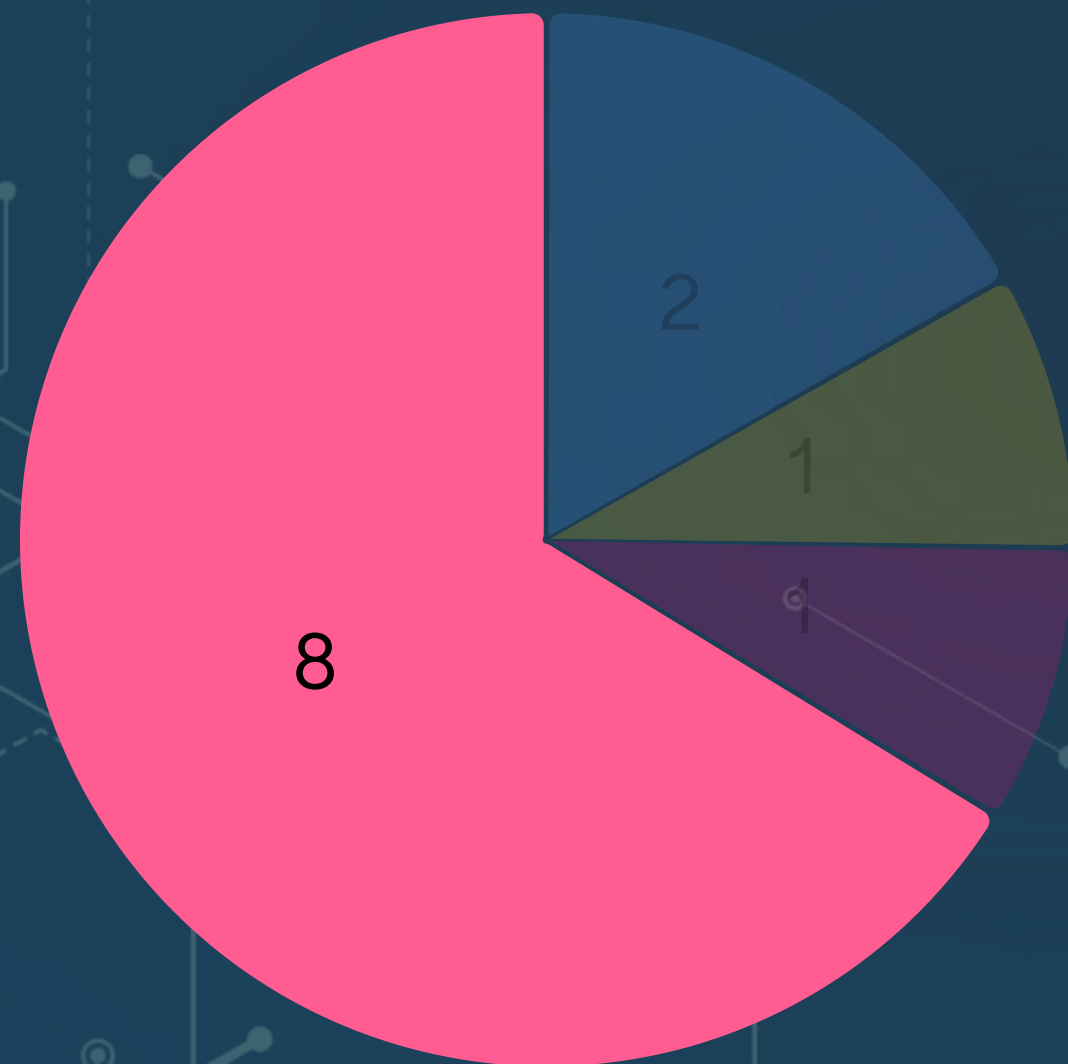

1	A) POST	✗
9	B) GET	✓
0	C) PATCH	✗
0	D) DELETE	✗

Which HTTP status code indicates that the requested resource is no longer available and no forwarding address is known?

- | | | | |
|-------------------------------------|---|----------------------------|-------------------------------------|
| ☐ | 0 | A) 404 Not Found | ☐ |
| ☒ | 6 | B) 410 Gone | ☒ |
| ☐ | 1 | C) 301 Moved Permanently | ☐ |
| ☐ | 4 | D) 503 Service Unavailable | ☐ |

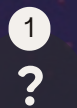

Which Java class provides methods for reading and writing data through sockets?

2	A) OutputStream	✗
1	B) InputStream	✗
1	C) SocketStream	✗
8	D) DataStreams	✓

Servlets and JSP (ws-11)

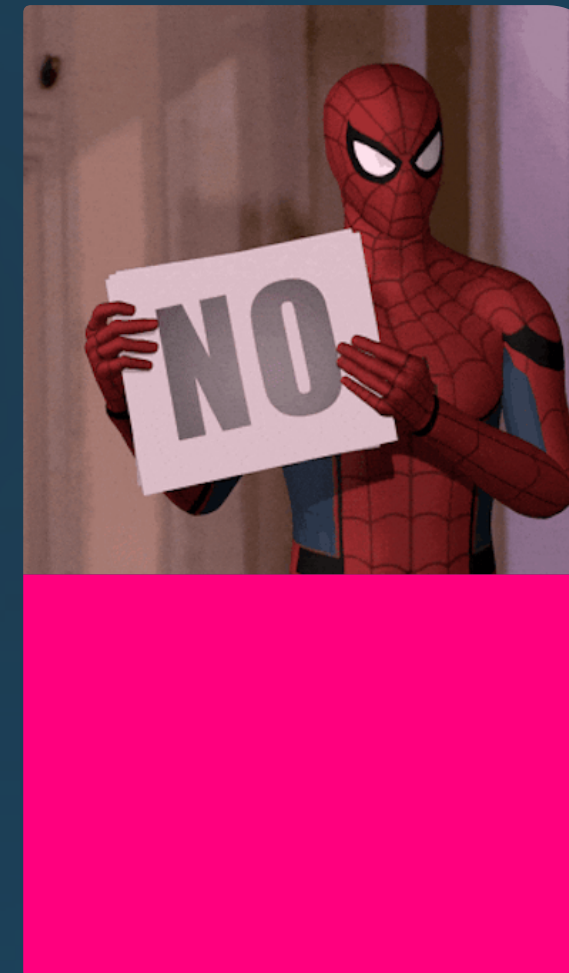

SERVLET

Practical task == Mid term defense task

Quiz

What is a Java Servlet?

17 ✓

2 ✗

A) A scripting language used to create dynamic web pages

B) A Java class that runs on a web server: managing HTTP requests

0 ✗

C) A database query language

0 ✗

D) A tool used for debugging Java applications

Which method is called by the servlet container to initialize the servlet?

21 ✓

A) init()

0 ✗

B) service()

1 ✗

C) start()

1 ✗

D) create()

Which of the following is a lifecycle method of a Java servlet?

20 ✓

2 ✗

A) run()

1 ✗

B) exit()

C) destroy()

1 ✗

D) main()

What is the purpose of the web.xml file in a Java web application?

23 ✓

0 ✗

A) To manage dependencies

0 ✗

B) To handle networking

0 ✗

C) To configure servlets, filters, and other components

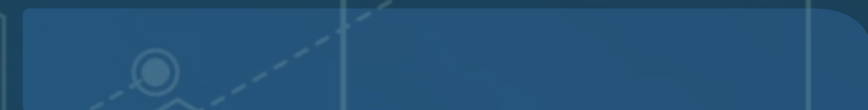

D) To create Java classes

What interface must be implemented by all servlets in Jakarta Servlet?

21 ✓

2 ✗

A) HttpServlet

2 ✗

C) GenericServlet

0 ✗

D) ServletConfig

What is the purpose of the doGet() method in Jakarta Servlet?

22 ✓

0 ✗

A) Handles HTTP POST requests

1 ✗

C) Initializes the servlet

2 ✗

D) Destroys the servlet when it is no longer needed

B) Handles HTTP GET requests

In Jakarta Servlet, which method is used to get initialization parameters?

21 ✓

3 ✗

0 ✗

0 ✗

A) getInitParameter()

B) getParameter()

C) getConfig()

D) getServletConfig()

What is Apache Tomcat primarily used for?

23 ✓

1 ✗

A) As a database server

0 ✗

B) As an email server

1 ✗

C) As a programming language

D) As a Java servlet container and web server

Which file in Apache Tomcat is used to configure server-wide resources and settings?

20 ✓

A) server.xml

3 ✗

B) web.xml

0 ✗

C) context.xml

2 ✗

D) tomcat-users.xml

How can you deploy a web application in Apache Tomcat?

25 ✓

0 ✗

A) By compiling it into a .java file

0 ✗

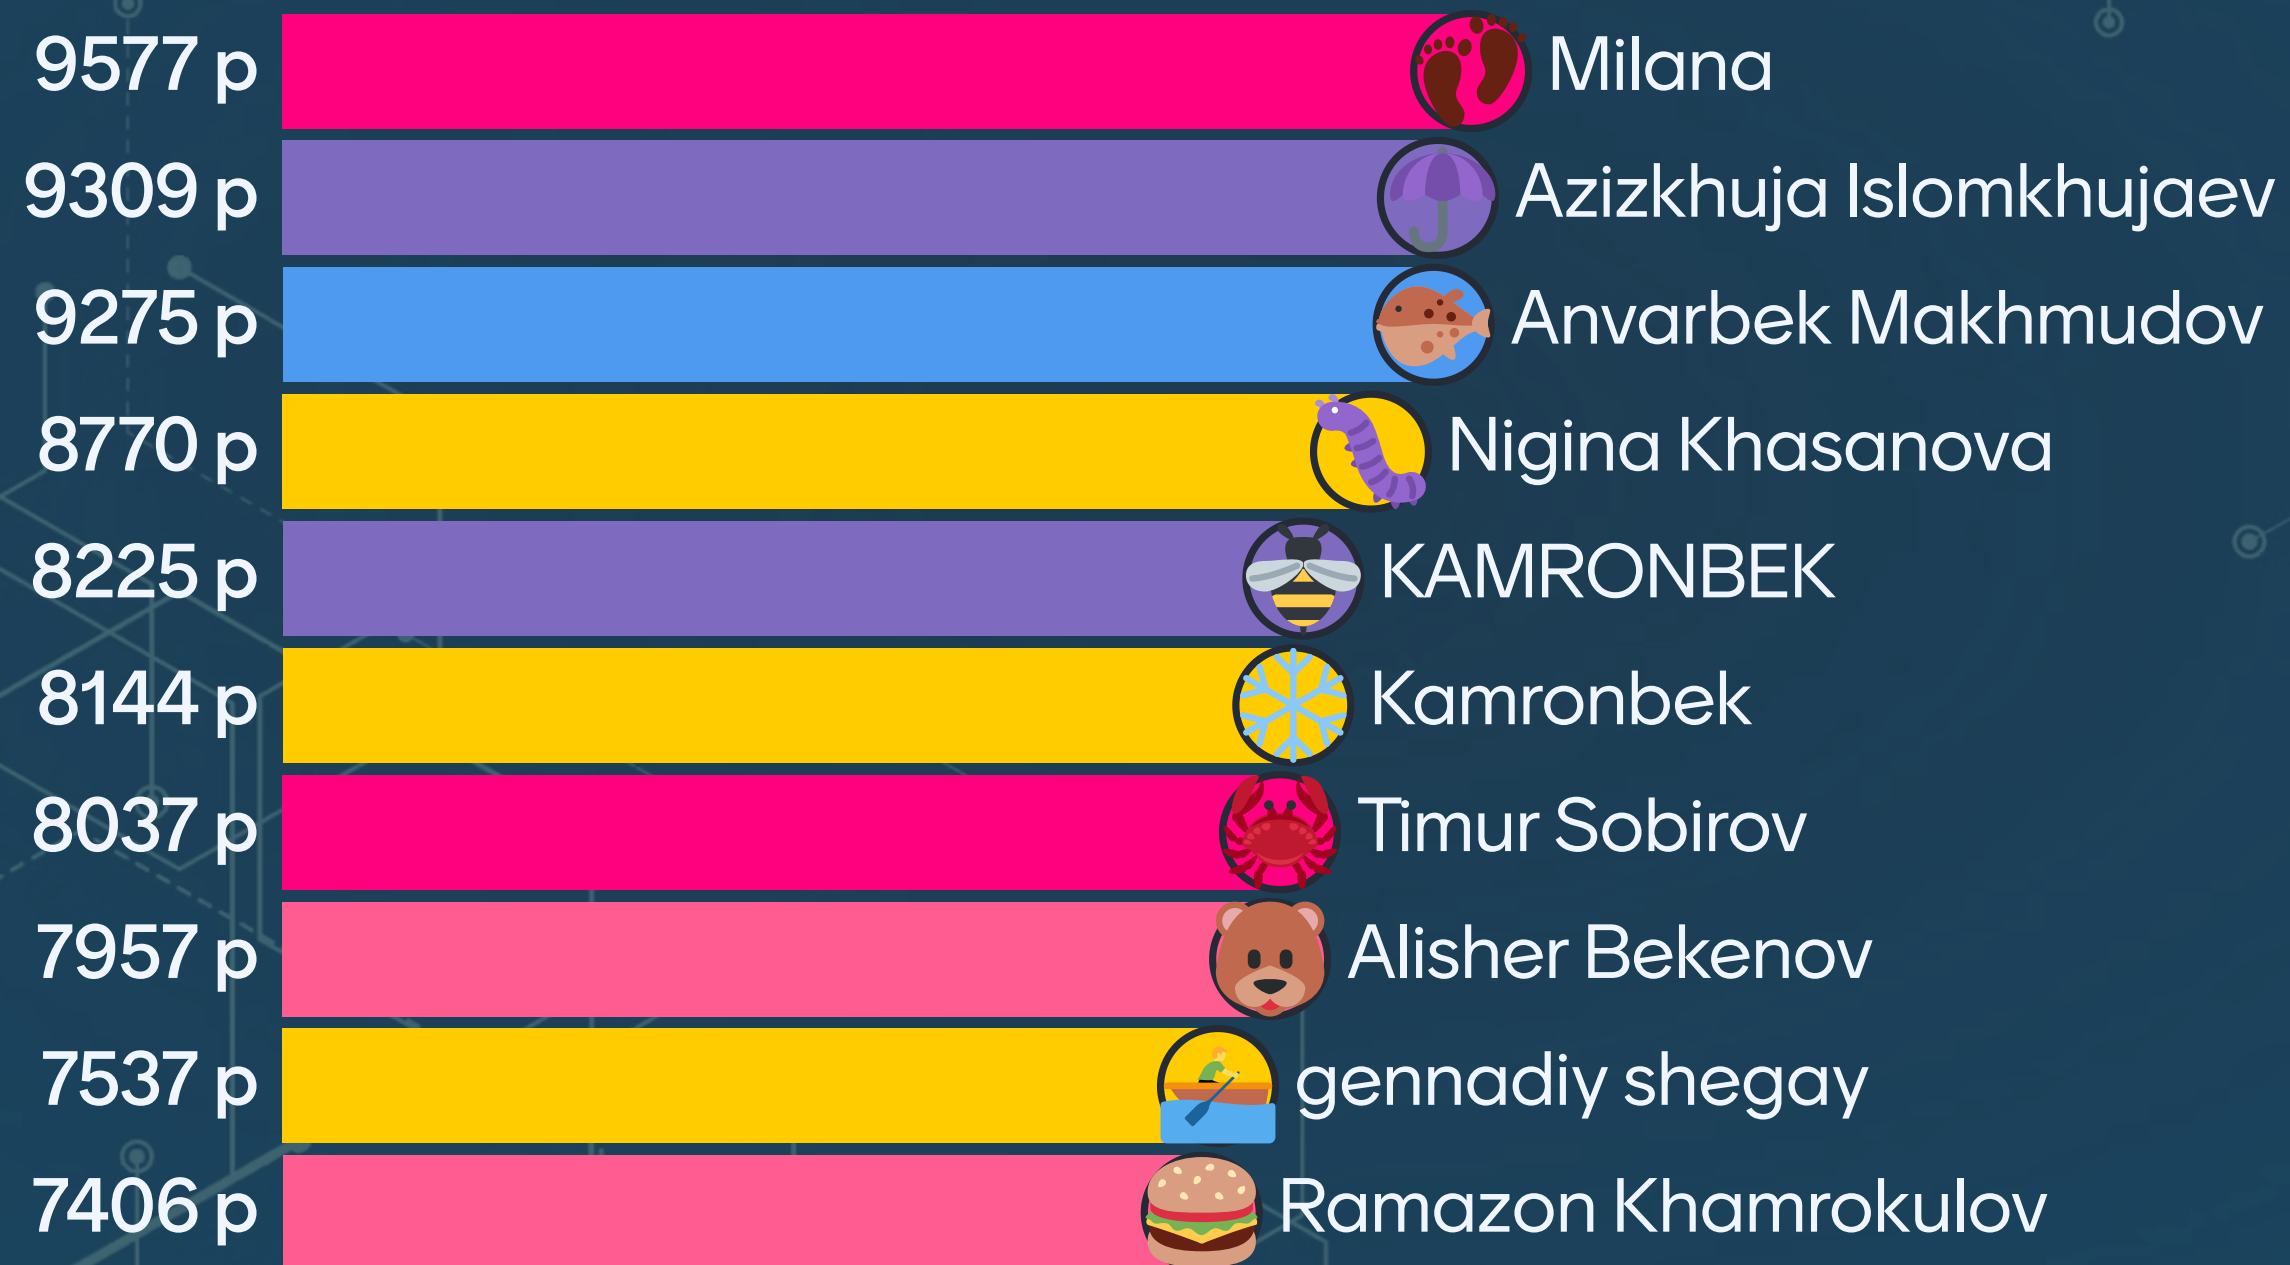

B) By uploading it to a cloud service

0 ✗

D) By restarting the server

C) By placing the .war file in the webapps directory
