

Hey! What is your name? How is it?

farangiz tulkunova timur sobirov
shohrukh kholikulov azizhoja islomhojaev
diyor kh anvarbek makhmudov nigina khasanova
asd123zhjgfasf alisher milana
iskander yakubov andrey v arslan danil li vladislava
beksulton makhmudov asif danial sarsenov
maksudbek makhmudov kamronbek
shokhruh tojiboev

Agenda

- Introduction
- About course (basic info, rules)
- More info about each other
- Questions and expectations

Andrei Rohau

- Minsk, Belarus
- Java Developer at Epam for the last 7 ys
- Fullstack developer
- Experienced lecturer in Java and Design Patterns courses

Course

- Course rules: Presence, Merits, Task deadlines, AI
- Course structure
- Java Web apps

Benefits

- Community (Experience)
- Libs \ frameworks (Opensource)
- Huge legacy supported by giants (Demand)

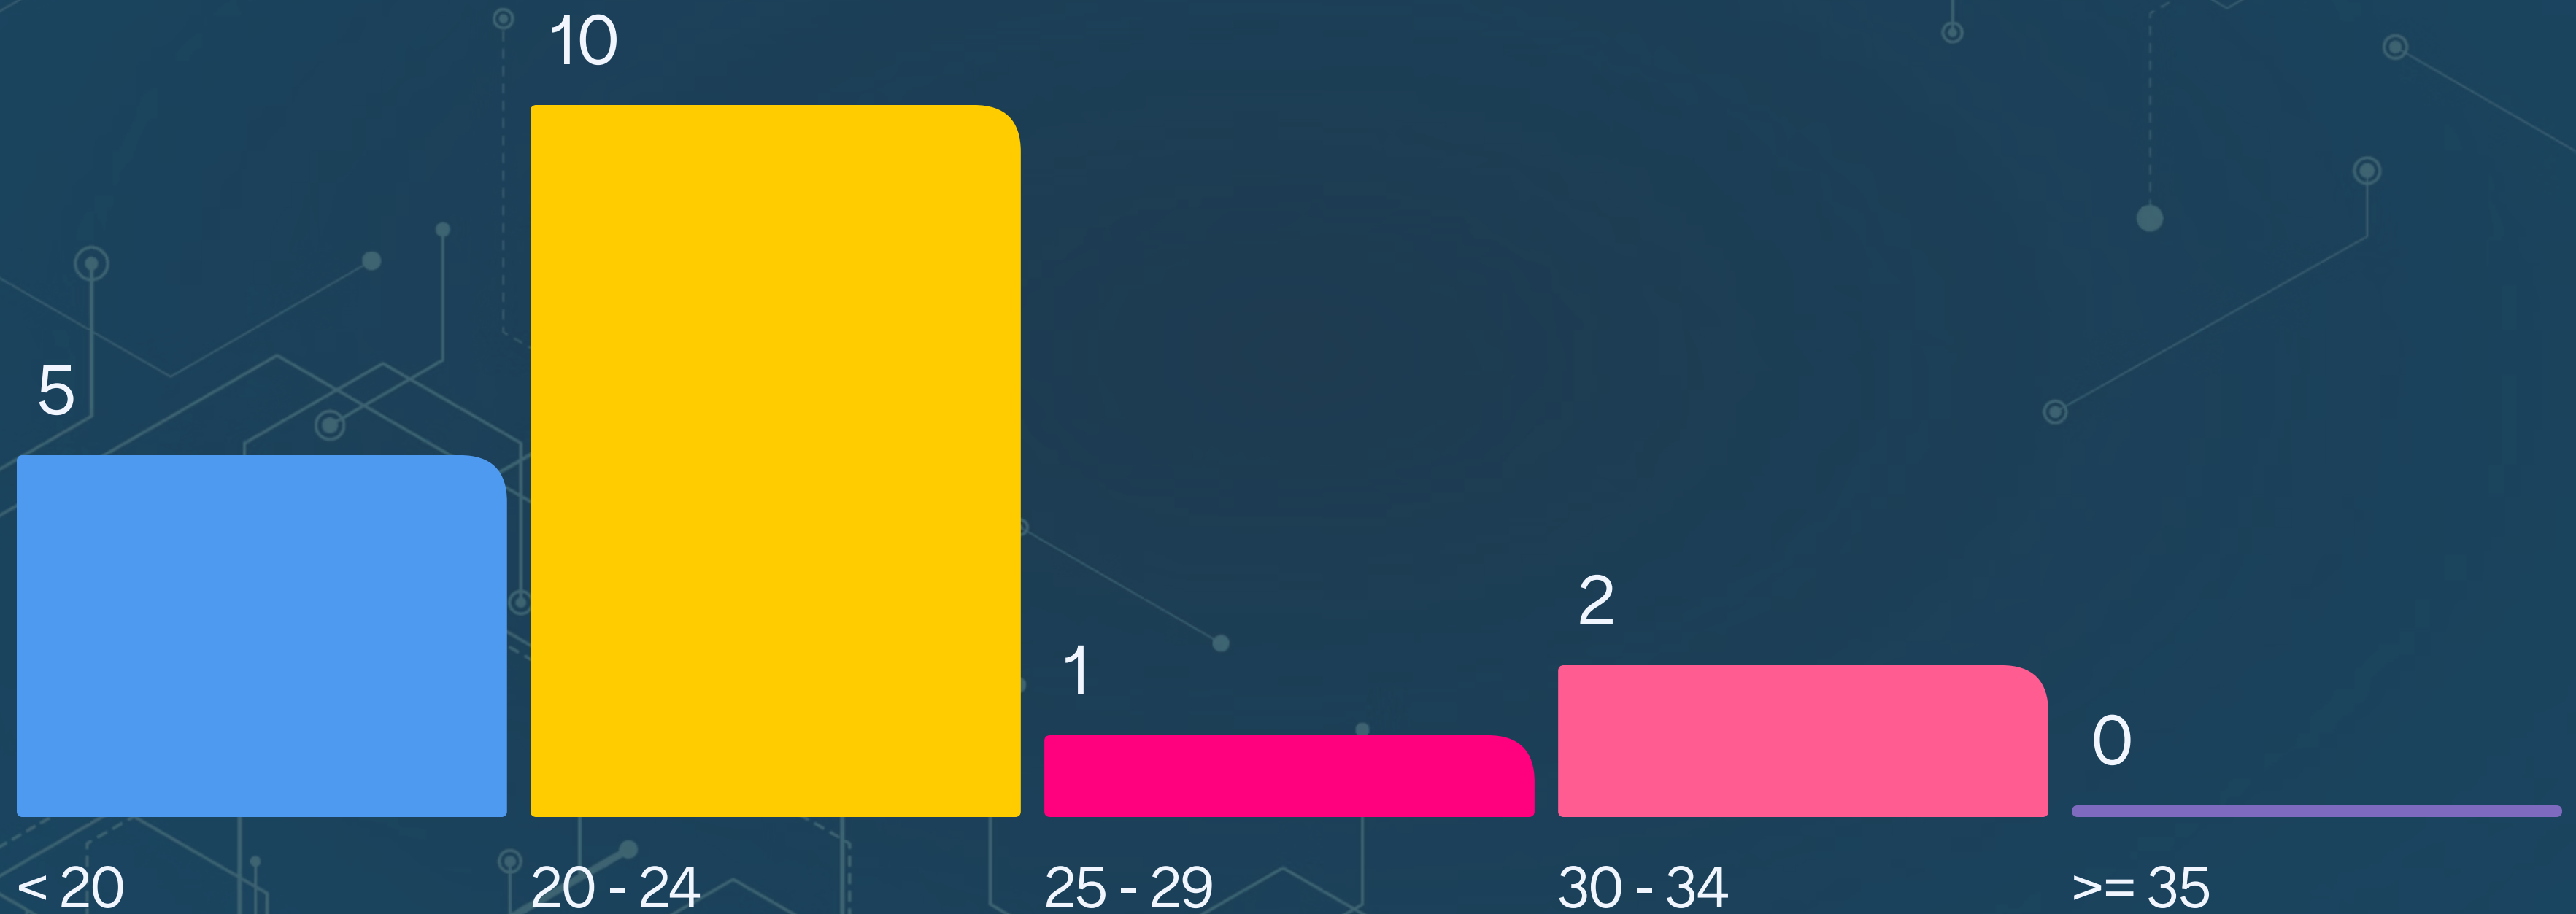

Continue introduction

What city (or region) are you from?

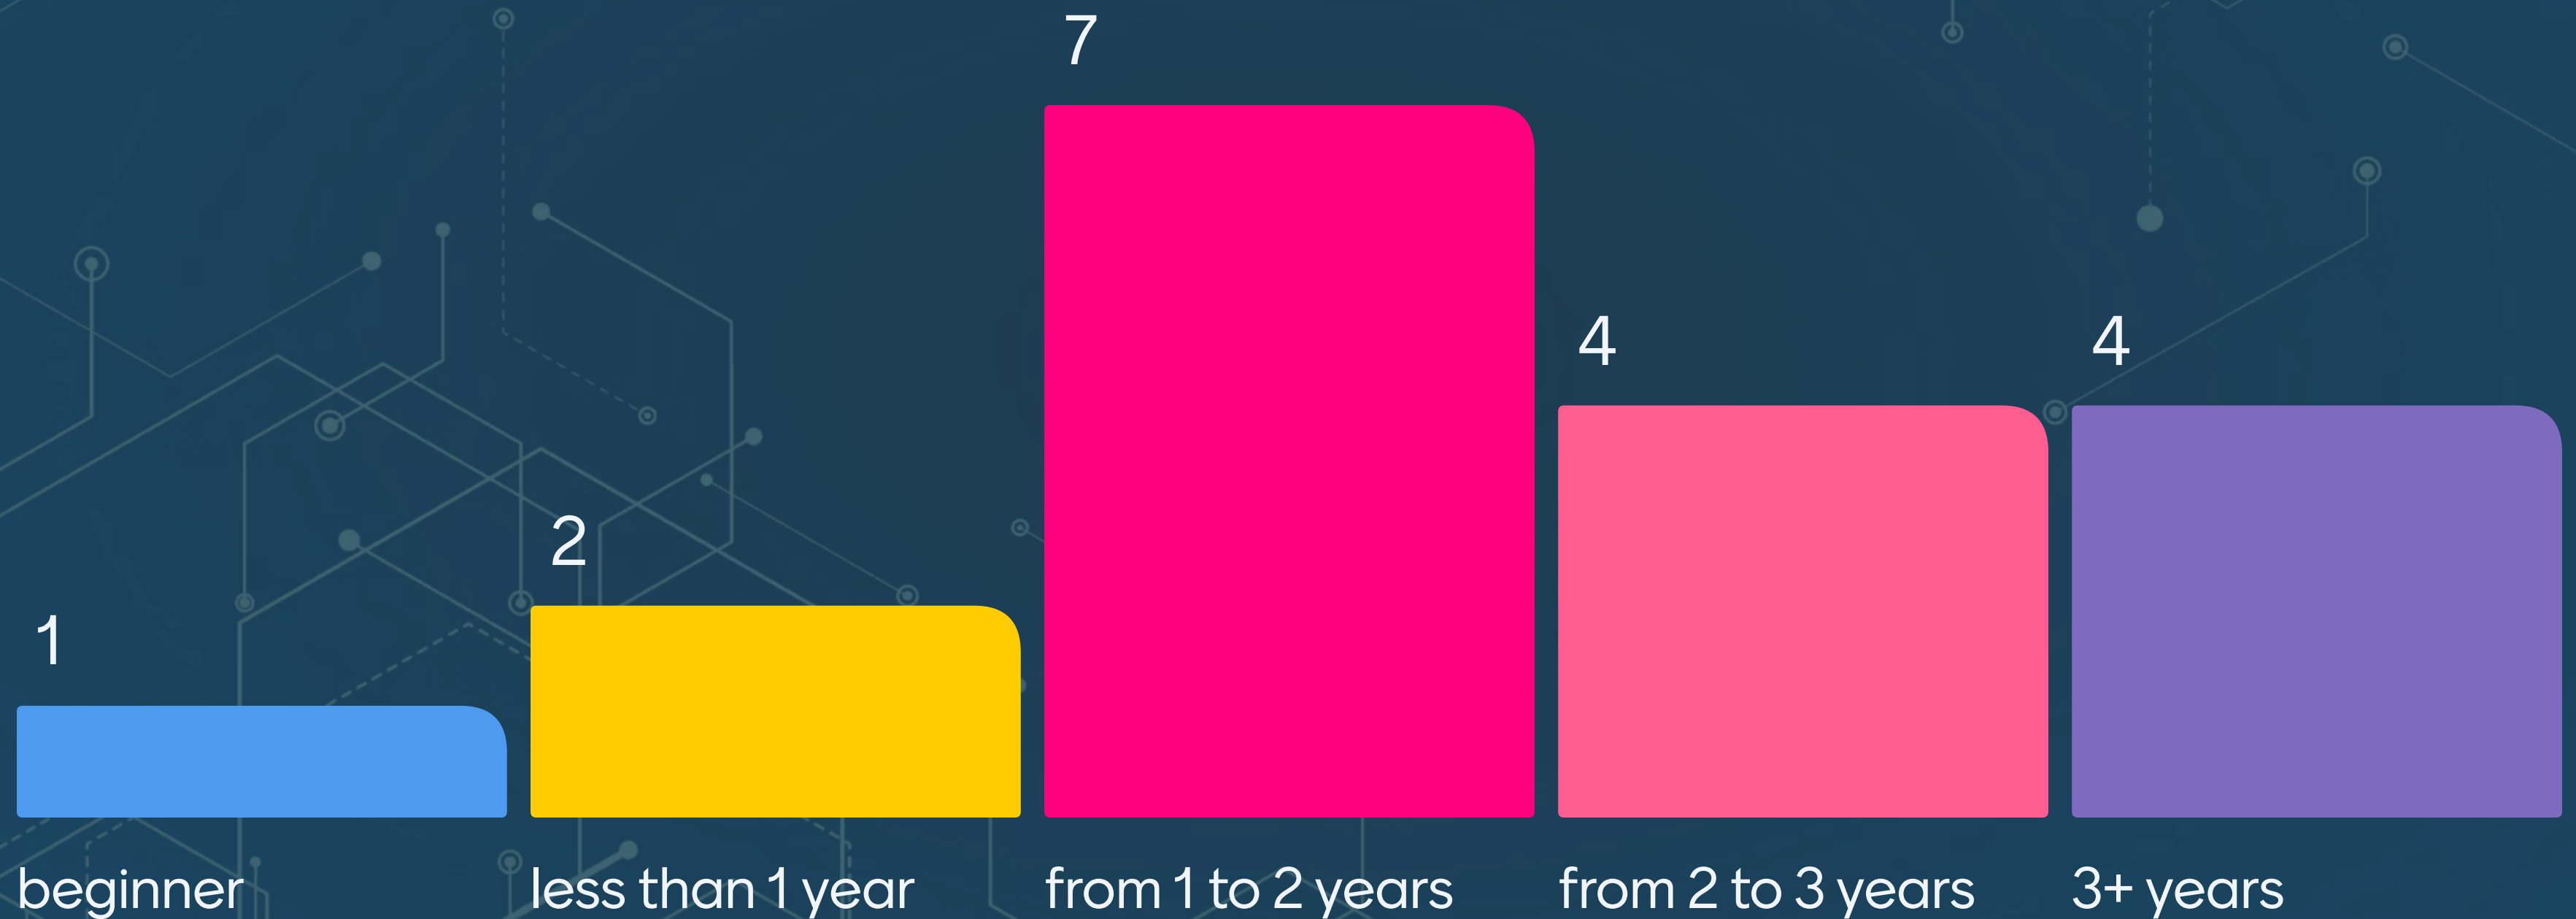

spain
tashkent

chilanzar azeroth central asia
surkhandarya andijan nukus
from tashkent city

How old are you?

How long have you been programming?

10 mins break

What programming languages have you picked up??

A word cloud of programming languages on a dark blue background with a faint circuit pattern. The words are in various colors and sizes. 'java' is the largest word in the center in blue. 'python' is in yellow below it. 'scala' is in pink to the right of 'python'. 'rust' is in blue above 'scala'. 'js' is in pink to the left of 'java'. 'c' is in purple above 'scala'. 'zig' is in yellow to the right of 'c'. 'php and python' is in pink above 'rust'. 'brainfck' is in purple above 'php and python'. 'holy c' is in yellow above 'php and python'. 'python go' is in pink above 'js'. 'ruby' is in purple above 'js'. 'always java' is in pink to the left of 'js'. 'odin' is in yellow below 'always java'. 'fortran' is in blue below 'odin'. 'assembler' is in pink below 'python'.

holy c brainfck
python go php and python
rust
ruby js java c zig
always java
odin
fortran
python scala
also java
assembler

Have you looked into the first topic ****Architecture Advanced****?

13

yes

6

no

Do you have JDK installed on your computer?

21

1

yes

no

Do you have IDE installed on your computer?

13

2

yes

no

Do you have Postman installed on your computer?

17

2

yes

no

Have you tried to send any request using Postman?

12

yes

1

no

Have you looked through the practice part of the topic?

7

yes

8

no

What is your expectation about this course?

excited to learn new skills!!!!!!!

Chill

grasp the knowledge

More merits

123

NEW SKILLS AND
MERITS PLZ

Finally find coffee called
Java

I wanna learn something
new, and I have high
expectation

What is your expectation about this course?

Learn spring

gain some practical
experience (and merits)

To learn something new

new skills

Waiting for Spring.

getting a job
immediately after I finish
this course

mastering enterprise
web applications using
spring and modern APIs

Become 10X Developer

What is your expectation about this course?

No expectations at all, i am ready for everything, even if it is smth unexpected

is live session attendance mandatory?

no exp, only learn smth new
