

Instructions

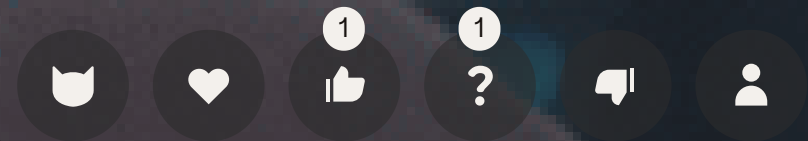

How is it going ? Do you have problems with practical tasks ? Any concerns with learning materials ?

everything is fine
nope
coz no access
tasks r not compiling
easy tasks
a bad
no concerns
absolutely wonderful
fine
missed the deadline
i'm behind
some sadly
simple topic

Today's agenda

- Total Recall
- Servlet
- Quiz
- Questions

Total Recall

What do you remember from the previous workshop ?

servlets

servlet doGet doPost

http + somewhat about
serverlet prac

yeah, servlets

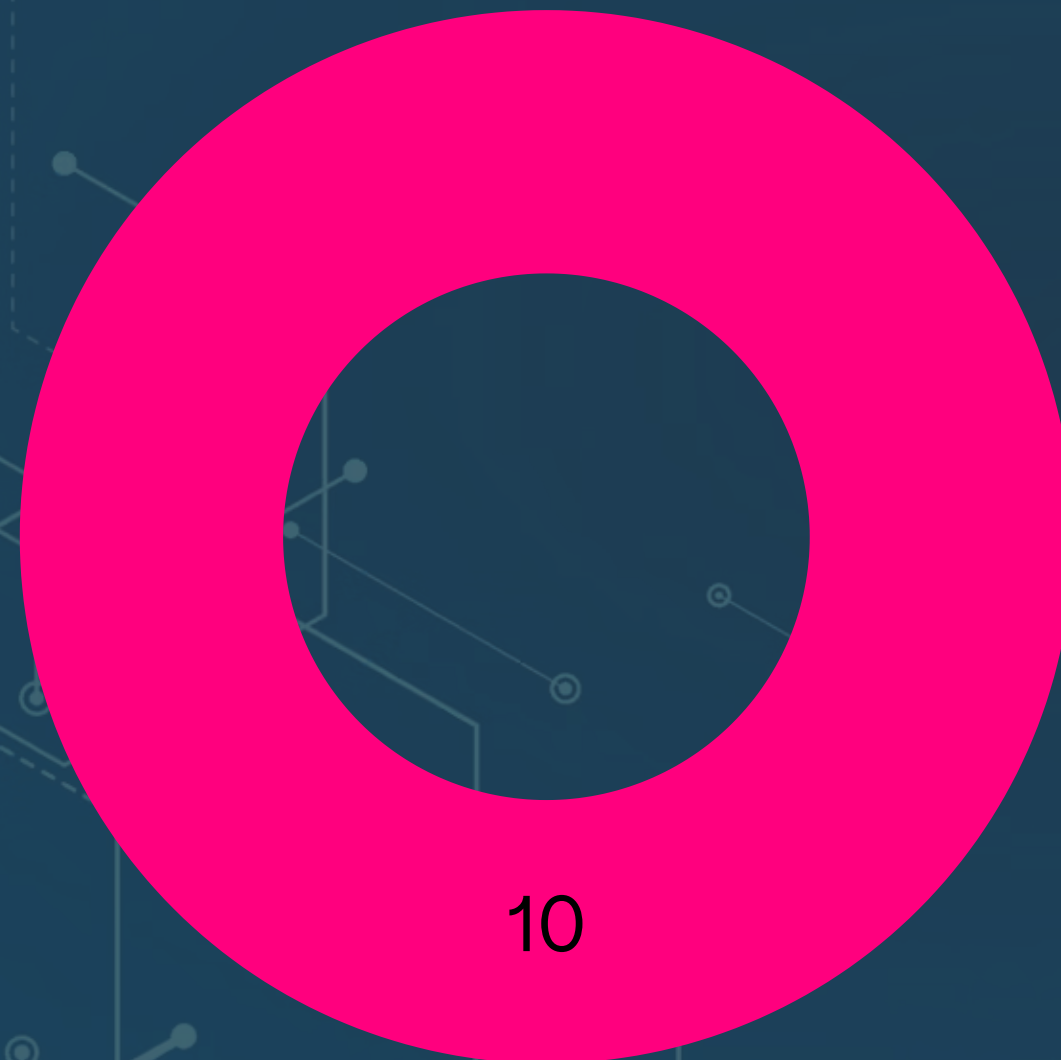

Tomcat, bin/start.sh

lifecycle

http, servlet

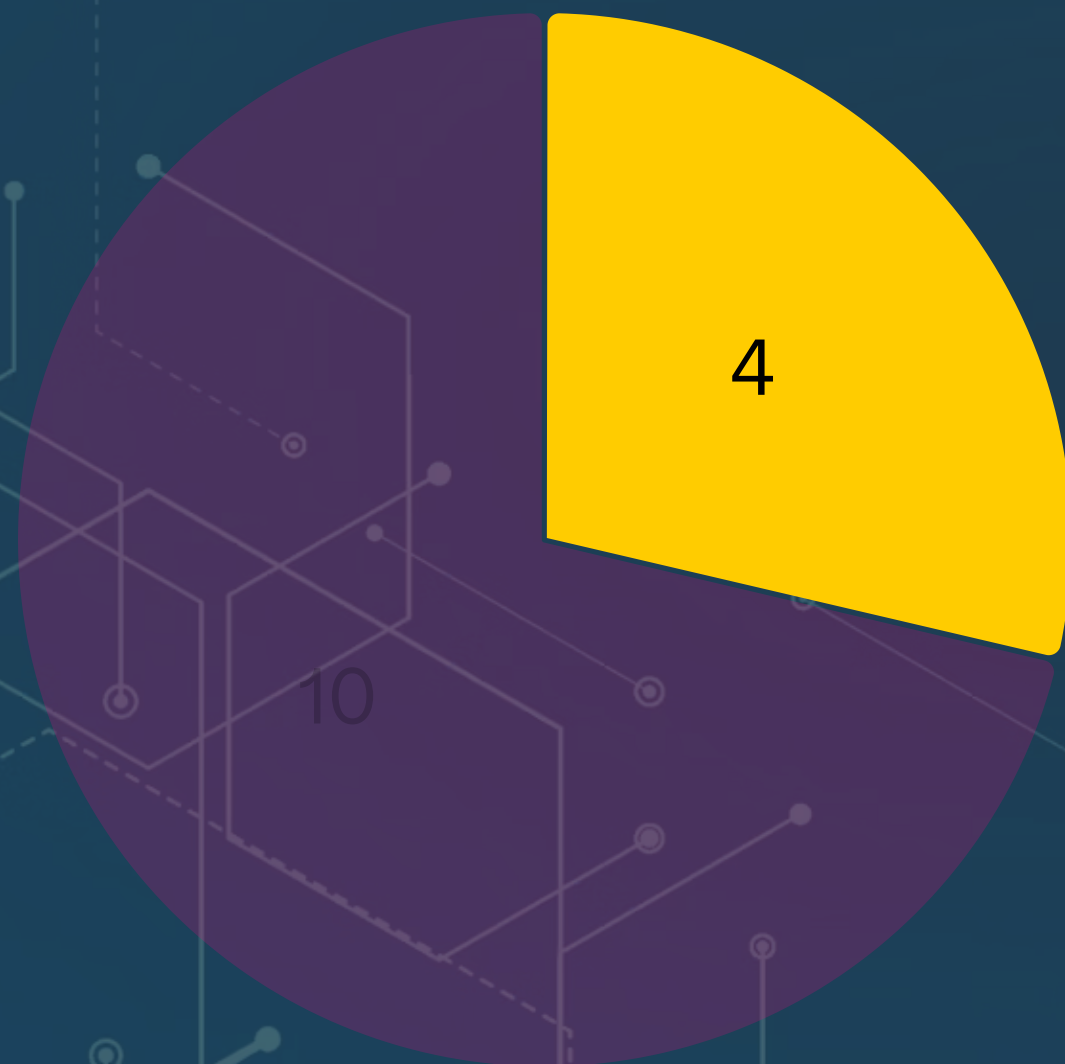

sh

Which of the following is a lifecycle method of a Java servlet?

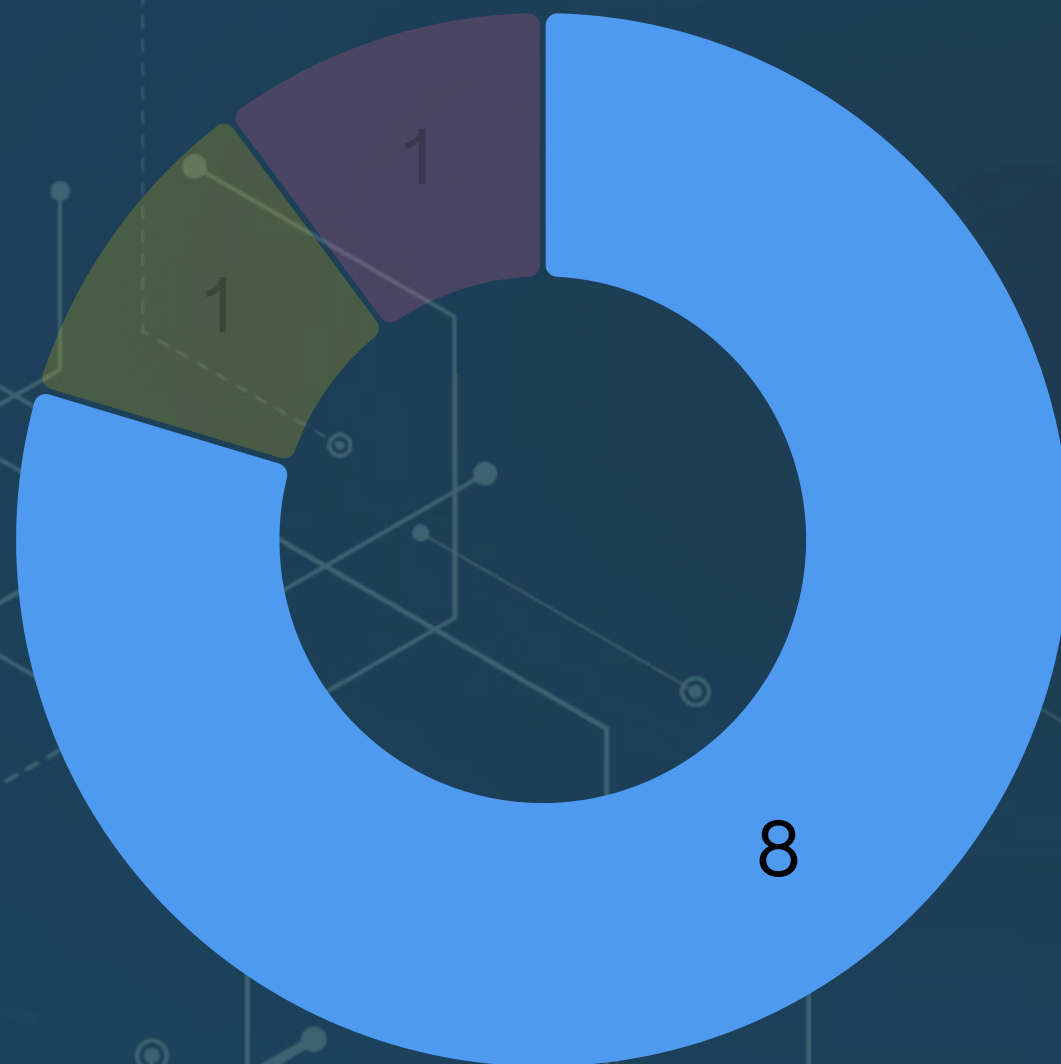

☐	0	A) run()	☐
☐	0	B) exit()	☐
☒	10	C) destroy()	☒
☐	0	D) main()	☐

What interface must be implemented by all servlets in Jakarta Servlet?

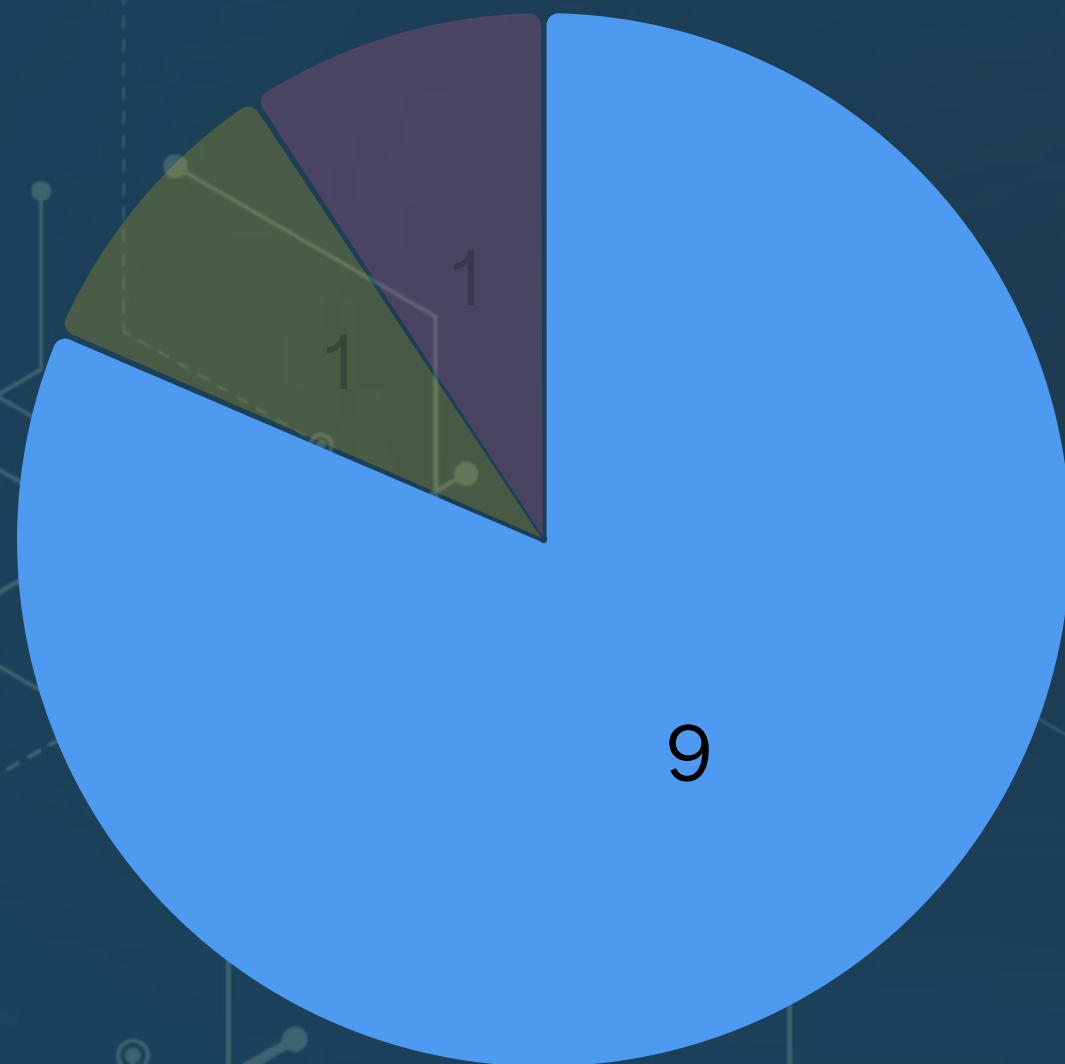

0	A) HttpServlet	✗
4	B) Servlet	✓
10	C) GenericServlet	✗
0	D) ServletConfig	✗

In Jakarta Servlet, which method is used to get initialization parameters?

8	A) getInitParameter()	✓
1	B) getParameter()	✗
0	C) getConfig()	✗
1	D) getServletConfig()	✗

Which file in Apache Tomcat is used to configure server-wide resources and settings?

9	A) server.xml	✓
1	B) web.xml	✗
0	C) context.xml	✗
1	D) tomcat-users.xml	✗

Servlets and JSP (ws-12)

SERVLET

YES!

A young girl with blonde hair in pigtails, wearing a pink jacket, is sitting at a table. She is looking towards the right with a surprised or excited expression. On the table in front of her is a white sheet of paper and a blue pen. The background is a solid yellow color.

A full-page illustration of Spider-Man in his classic red and blue suit, holding a white sign with the word "NO" in large, bold, black letters. He is standing in front of a light-colored wall with a door handle visible on the left. The bottom half of the page is a solid bright pink color.

Practical task

is the task for the MID term defense!
DEADLINE is the 18th of Octopus

Servlet quick start

practice...

Servlet Life Cycle for First Request to a Servlet

LINKS

https://docs.oracle.com/cd/E13222_01/wls/docs92/webapp/configureservlet.html

Scopes

Request
Session
Context (JSP)
Page (JSP)

Key players

User Agent (Browser)

Server (Web Server)

Servlet Container (Tomcat)

Servlet (`javax.servlet.http.HttpServlet`)

Before servlet found flow

Browser send request
Server receives it and passes to Tomcat
Tomcat looks in web.xml
Tomcat finds URN pattern
Tomcat finds servlet class

When servlet is defined flow

Tomcat checks servlet instance
If exists: reuses
If doesn't exist: create an instance
Servlet calls `#init()` method

When servlet is ready flow

Tomcat passes req and resp to servlet
Request and Response got to #service()
#service() address data to proper method

Explain `<% %>` and `<%= %>` and `<%! %>`?

1. scriptlet for java statements: if condition, for loop
2. expression: evaluate java and get value then print on page
3. declaration: add methods to JSP

What JSP directives do you know?

@page - add java imports, stores jsp
settings

@include - add other JSP into current

What JSP implicit objects do you know?

out
request (Scope)
response
session (Scope)
config (ServletConfig)
application (ServletContext)
exception
pageContext

Quiz

Name two RequestDispatcher methods

21 ✓

2 ✗

2) GET, POST

2 ✗

3) send, redirect

2 ✗

4) dispatch, respond

1) forward, include

What does RequestDispatcher.forward do?

25 ✓

0 ✗

1 ✗

1 ✗

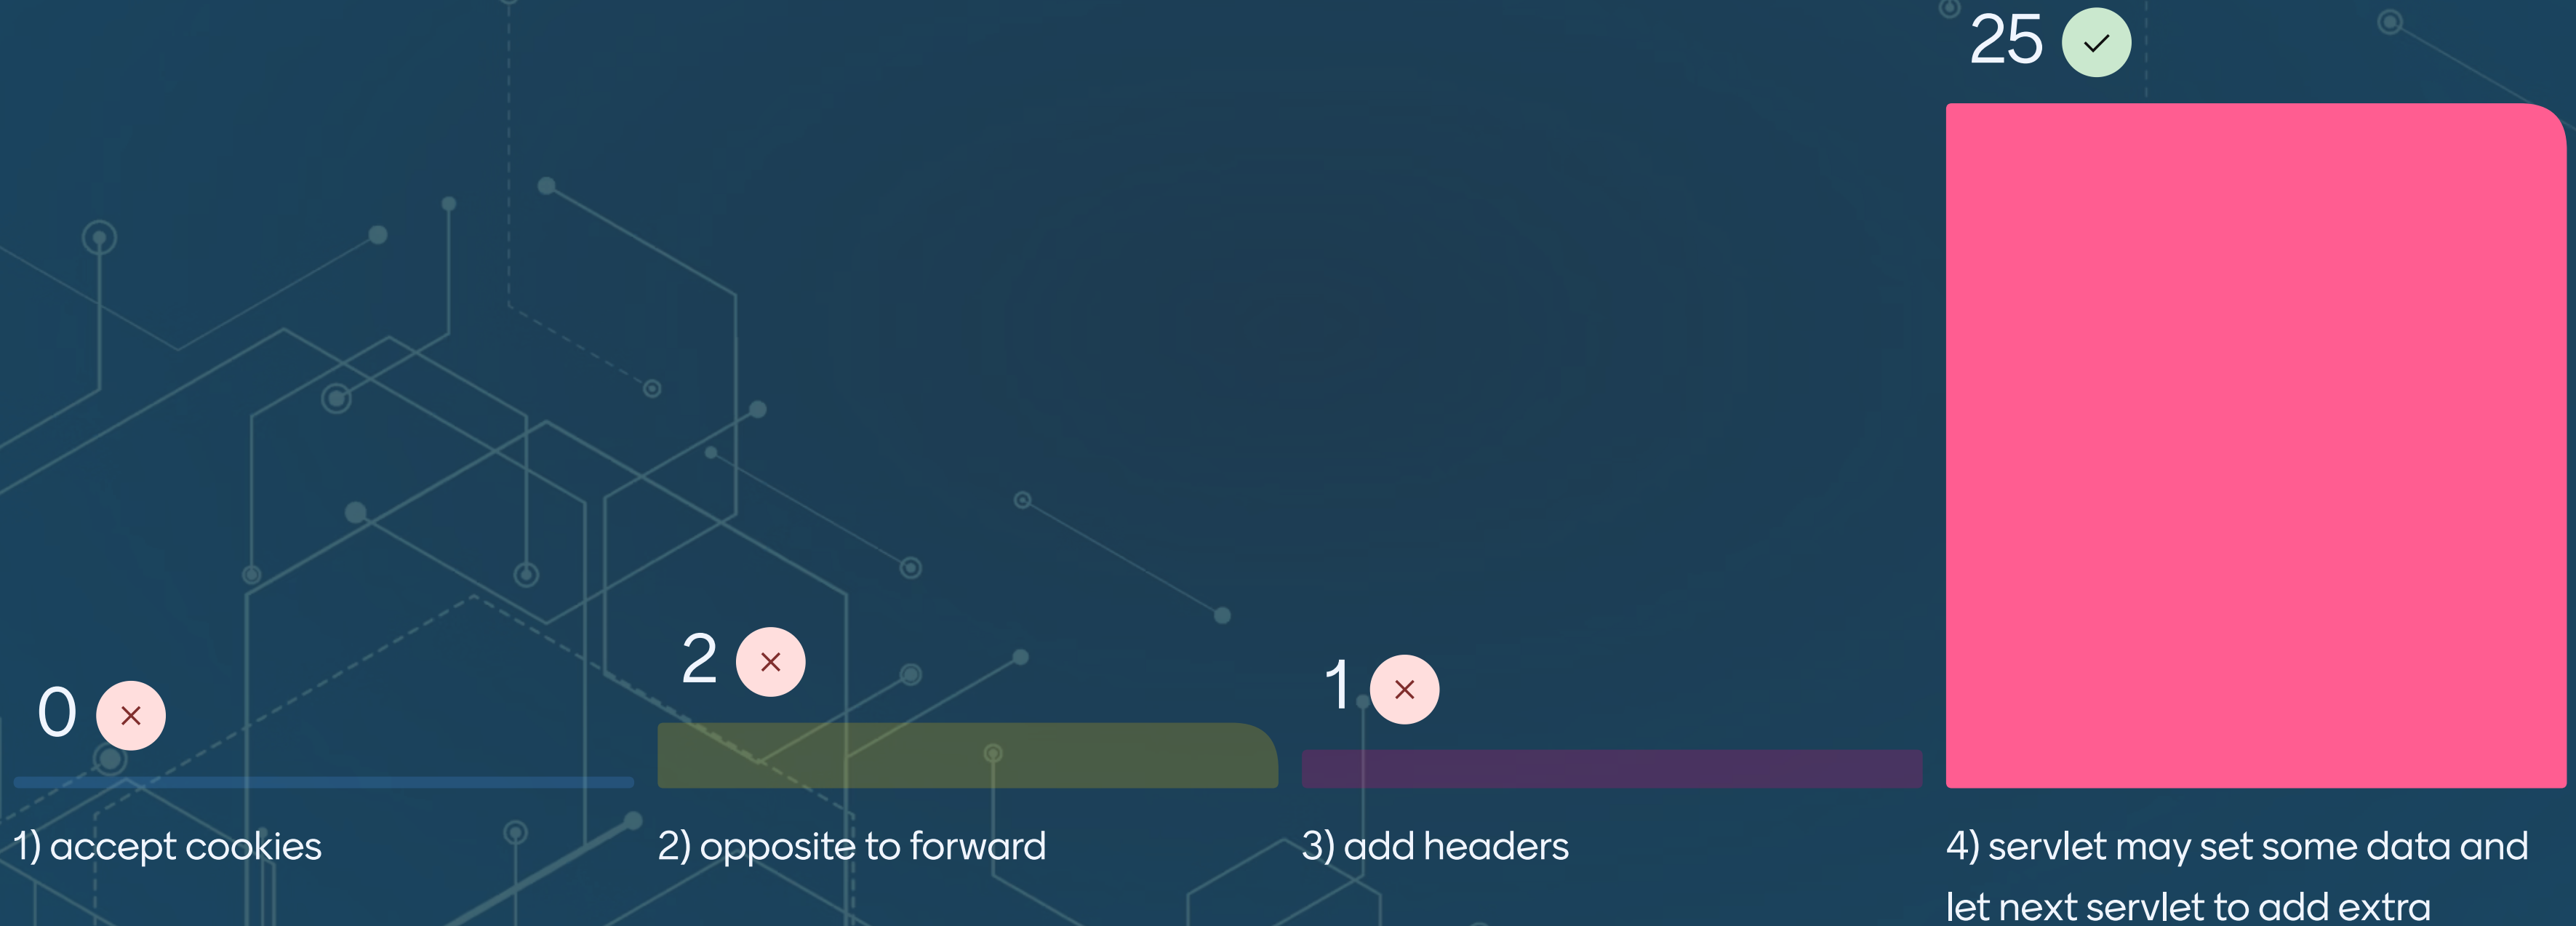

1) forwards request the next servlet

2) redirects to next resource

3) redirects default page

4) initiate data conversion

What does RequestDispatcher.include do?

What does HttpServletResponse.sendRedirect() do?

25 ✓

3 ✗

A) It forwards a request from a servlet to another resource

0 ✗

B) It sends an error message back to the client

0 ✗

C) Sends a temporary redirect response to the client

D) It streams binary data to the client

Difference between ServletConfig and ServletContext?

24 ✓

0 ✗

A) ServletConfig is global,
ServletContext is for specific
servlets

1 ✗

B) ServletConfig is for one servlet,
ServletContext is for all servlet

C) ServletConfig manages
lifecycle, ServletContext handles
parameters

0 ✗

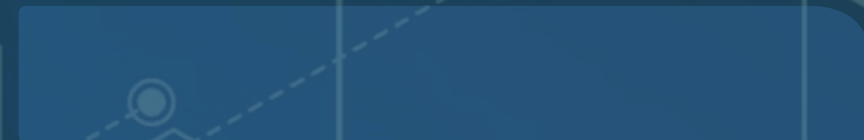

D) ServletConfig defines
mappings, ServletContext
initializes database

Difference between Servlet and JSP?

23 ✓

3 ✗

A) Servlet handles Java code; JSP handles HTML tags

2 ✗

C) Servlet is slower; JSP is compiled to Servlet

0 ✗

D) JSP for servlet configuration; Servlet for Java classes

What does JSP stand for?

24 ✓

2 ✗

A) Java Servlet Pages

B) Java Server Pages

0 ✗

C) JavaScript Pages

0 ✗

D) Java Scripting Pages

What is the primary purpose of JSP?

25 ✓

2 ✗

0 ✗

0 ✗

- A) To handle database queries B) To facilitate user interaction C) To create dynamic web content D) To serve static web pages

Which tag is used to write Java code inside a JSP file?

25 ✓

A) `<% %>`

B) `<!-- -->`

C) `$()`

D) `<%@ %>`

0 ✗

1 ✗

1 ✗

How can you include another file in a JSP page?

24 ✓

A) `<jsp:include file="filename" />`

0 ✗

B) `<include file="filename" />`

3 ✗

C) `@include "filename"`

1 ✗

D) `#include <filename>`
